THIS DIRECTORY

IS NOT COMPLETE

For the reason that between the dates of compilation and publication many of those whose names are contained therein have passed to the Great Beyond.

Some of these have met death by Accidental means.

The Imperial Guarantee and Accident Insurance Co. of Canada

Is issuing the best *Accident and Health Policies* in Canada; *Liberal* and *Free* from *Conditions* and *Restrictions* as those of any other Company, and very few policies now carried give as much value for the premium paid; as evidence of this *The Imperial* has placed more high class *Accident* and *Sickness* business on its books in the last five years than any other Company doing business in Canada, in the same length of time. *No delays. Policies issued, Claims settled at the Western Office, Winnipeg.*

AUTOMOBILE INSURANCE A SPECIALTY

GUARANTEE BONDS

Are issued to cover all positions of trust.

Enquire for particulars of our *Imperial Protection Policy,* covering everything.

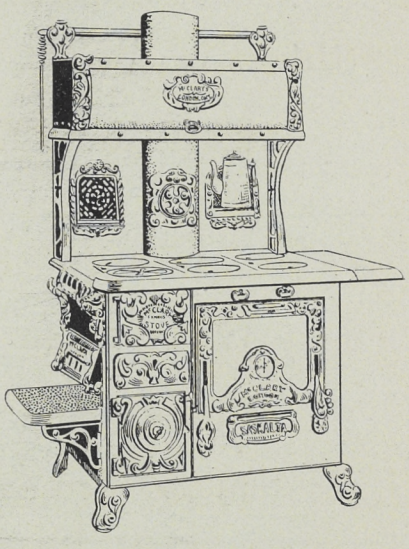
SASK-ALTA
STEEL RANGE

This is the range with the **new burnished surface,** which shines up like a piano finish. Easier to polish and the shine is many times as lasting.

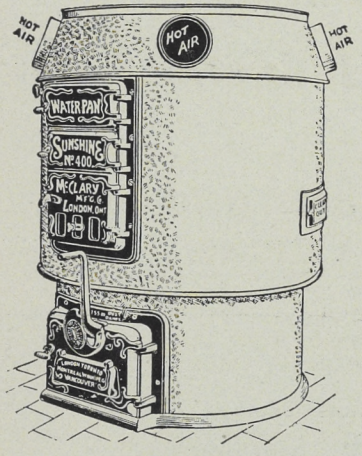
Another exclusive feature is the Patented Automatic Lift Top and Broiler Door, which provides an opening three times as large as a pot-hole. Easier to feed fire. Easier to broil steak.

Also has Double Duplex Grates and Direct Draft Damper in front of stove, and many other fuel-economizing and labor-saving features.

Be sure to see Sask-Alta before purchasing any kind of a steel range.



SUNSHINE FURNACE



This is the most famous furnace in the whole Dominion. Famous for the large amount of heat produced from a small consumption of coal. Famous for its ease and cleanliness in operation.

Nickel Steel Dome and Radiator are rust-proof and radiate a greater degree of heat. Semi-steel two-piece fire pot is three times as strong as cast iron fire-pots. Dust Flue carries all dust from falling ashes up chimney—none go upstairs by way of registers.

Many other superior points about the SUNSHINE will be explained by McClary agent. Ask him.

There is only one brand of genuine Hercules Spring Beds—the name is on every frame, and 30 nights' FREE test is offered, and money back if you re not satisfied.

The fabric used in the genuine Hercules has proved itself by actual test to be five times as strong as ordinary fabric, and strength in a bed means comfort.

Be sure that you see Hercules Spring Beds and not one having a name that sounds similar.

SALT GLAZED VITRIFIED
SEWER PIPE

MADE ON THE AMERICAN CONTINENT

ASPHALT AND RUBBER
ROOFING

VITRIFIED SEWER PIPE

Is invaluable for draining low lands; is unequalled for well cribbing; is impervious to the action of frost and water; for road culverts and small bridges, beyond comparison; for chimneys and chimney lining, is better than iron.

BUILDERS' SUPPLIES

Sewer pipe; stone of all descriptions; white and grey lime; cement; wood fibre and hard wall plaster; hair; sand-mould, fire and common brick; fire clay; Keene's cement; expanded metal; metal and wood lath; river and pit sand, gravel, etc.

ASPHALT AND RUBBER ROOFING

Is the best roofing that is made; is sold under a positive guarantee; is cheaper than wood or metal shingles; is more durable and more satisfactory.

EXECUTIVE COMMITTEE

J. L. HILL W. E. MURDOCK W. G. TORCHIANA

THE OBJECTS OF THE ASSOCIATION

FIRST: To improve the directory business by the interchange of ideas, and by the exchange of competent employees.

SECOND: **To protect the public against fraudulent advertising schemes, operated under the name of directories, and to drive the promoters of such out of the business.**

THIRD: To provide permanent and continuous employment for honest and faithful directory canvassers.

FOURTH: For the mutual advancement of the established and prospective interests of all who may become members of the association.

$100 REWARD

The Association of American Directory Publishers will pay the above reward for the arrest and conviction of any one soliciting or collecting money on Fraudulent Directories, provided conviction results in imprisonment of not less than 6 months. In case of arrest immediately telegraph W. H. Bates, Sec.-Treas., 202 East 12th Street, NewYork.

INTRODUCTORY

The 33rd issue of the Winnipeg Directory marks an era in the history of the City, as it chronicles a further remarkable period of expansion and development.

GREATER WINNIPEG

The 1911 Directory contains the number of 71,007 individual names (exclusive of Business Firms, Corporations, etc.), enumerated from the areas comprising the City proper, St. Boniface, Norwood, Elmwood, St. John's, St. Charles, St. James and Kildonan, all of which, to all intents and purposes, may be classed as GREATER WINNIPEG.

POPULATION 204,145

The following Table will serve to show the growth of Winnipeg since the year 1876:

Year	No. of Names	Estimated Population	Increase %
1876	1,080	4,050	
1880	2,156	7,847	1.066
1890	8,334	27,085	3.451
1900	15,151	50,503	1.864
1910	60,232	172,865	3.422
1911	71,007	204,145	

By this abnormal growth, when considered with the returns issued for the year by the Clearing House, the Post Office, the Customs and the Building Inspector's Department, as well as the various Railway Companies' reports and the Dominion Immigration Departmental report, it will at once be recognized that Winnipeg has taken its place

AMONG THE CITIES OF THE WORLD

The Miscellaneous Information supplied by the Directory serves to show the extraordinary impetus which has been in operation during the past few years. The happy conditions of life, coupled with the manifold advantages offered to support and maintain a large population, seem to be the real elements which are now forging Winnipeg to the front.

The support accorded by the Business Community, who have not failed to take advantage of the Directory as an advertising medium, is greatly appreciated by the Publishers, who have used every endeavor to produce a work commensurate with the claims of a great city.

The wave of prosperity announced in our last issue appears not to have reached its crest, as there are many indications that 1911 will surpass previous years in Winnipeg's development.

Seven boilers, with superheaters and mechanical stokers, supply steam for the service and for electric lighting.

In conection with the system there is a 6,000,000 gallon reservoir.

The total length of water mains December 1909, was 192 miles.

For better fire protection, a High Pressure Special Fire Service Waterworks has been completed, having a capacity of 12,960,000 gallons per day against 300 lbs. pressure. This service is operated by 2500 h. p. gas engines. There are 8 miles of special high pressure water main in the business districts and 86 special hydrants.

FIRE DEPARTMENT

The Winnipeg Fire Alarm System, owned and operated by the City, comprises 109 miles of overhead wiring, 227 street boxes, and E. M. gongs at each of the fire stations, waterworks, chief's residence, Electric St. Railway power house and police station etc. There are 10 box circuits and 4 gong circuits, and the system is arranged for manual operation. Storage batteries are used for current supply while a new high pressure service is in use, 86 hydrants being operated for that purpose. Operators are on duty day and night; and alarms can be given, also, by telephone on calling up "100."

The fire department is an uniformed one the number of men forming the brigade, together with the equipment, being as follows:

Staff:

Chief	1
Assistant chiefs	2
Secretary	1
Stenographer	1
Captains	10
Lieutenants	10
Master Mechanic	1
Engineers	6
Assistant Engineers	6
Firemen	101
Total	139

Equipment:

74 Horses
7 Steam fire engines
6 Chemical engines
13 Hose wagons
150-H.P. Motor Hose Wagon
2 Aerial hook and ladder trucks, 65 and 85 feet respectively
7 Hook and ladder outfits
1 Water tower (65 foot) with deck turret
3 G'azier nozzles
2 Jumping nets
49,190 feet (43,190 ft. of 2½ in. and 6,000 ft of 3½ in.) fire hose
1,500 Fire hydrants (on low pressure service—domestic)
86 Fire hydrants (special high pressure service)
192 miles of domestic water mains
64 Underground fire hydrants
8 miles of high pressure water mains

WINNIPEG WATERWORKS

The water supply for Winnipeg is obtained from 7 artesian wells sunk to depths of 60 to 100 feet; 10 pumping engines being used in the system.

The average daily consumption in December was 6,000,000 gallons.

The approximate daily capacity of the wells is upwards of 10,000,000 gallons.

The pumping capacity of the system from the wells is 25,000,000 but in addition there is a reserve capacity for a further 10,000,000 gallons from the pumping station at the reservoirs.

The machinery which is of the most modern type is distributed as follows: 6 pumps in use from wells to mains, 2 at the softening plant, and the remainder at the reservoirs. Each pump is capable of lifting 5,000,000 gallons every 24 hours.

WINNIPEG GRAIN EXCHANGE

The Winipeg Grain Exchange is by far the largest and most important one in the Dominion of Canada today, and occupies a magnificent exchange building in which is more satisfactorily handled the ever-increasing volume of business created by the enormous crops of Manitoba and the Northwest Territories.

Although the Exchange's future trading market has not been long in existence its quotations are regularly supplied by the telegraph companies to the leading grain and produce associations of Canada, Great Britain and the United States, upon whose quotations they exert a strong influence.

MORTALITY RATE IN WINNIPEG

Figures for 1910 Show 13.6 Deaths for Each 1,000 of Population

According to the returns of deaths in Winnipeg for 1910 the death rate of the city per 1,000 population is 13.6. During the year there were 1,921 deaths in the city registered by months as follows:

	Deaths
January	130
February	119
March	122
April	163
May	135
June	126
July	247
August	233
September	169
October	125
November	168
December	184
Total	1,921

Following is a statement showing a comparison of the death rates in several American cities and the death rate in Winnipeg:

Comparisons

City	Population	Death rate per 1000
Cleveland		13.2
Chicago		14.0
Milwaukee		14.6
Detroit		14.8
Pittsburg		14.8
Buffalo		15.1
St Louis		15.5
Philadelphia		16.3
New York		16.6
Cincinnati		16.8
Boston		17.6
Baltimore		18.1
Washington		18.5
New Orleans		20.6
Winnipeg		13.6

The Winnipeg death rate as given above is the gross rate, that is, it includes all deaths occurring in Winnipeg, which includes the deaths of people coming in from outside points to receive hospital treatment. It also includes the deaths of children under one year of age.

UNIVERSITIES, COLLEGES AND INSTITUTES

University of Manitoba

Broadway, West of Kennedy Street.

The University of Manitoba, established by the Act of the Local Legislature in 1877, has the sole power of conferring degrees in **Arts, Law,** and **Medicine** in the Province of Manitoba.

Degrees of **Divinity** may be granted by the various colleges affiliated with the University, provided that all candidates for the Degree of Bachelor of Divinity, not graduates of this or any other University, shall have passed a satisfactory examination on the subjects of the First and Second Year in Arts as prescribed by the University.

Greek being compulsory; and such Graduates in Divinity have in the University the same rights and privileges as other Graduates.

The Government of the University is vested in the Chancellor appointed by the Lieutenant-Governor in Council, and a council of seventy members, composed of representatives from each of the affiliated Colleges, the members of Convocation, the College of Physicians and Surgeons of Manitoba, the College of Pharmacy, the Faculty of Science and the Provincial Government.

The general superintendence of all examinations is entrusted to a Board called the Board of Studies, composed of members of the Council elected annually, as follows: two by each of the Affiliated Colleges in Arts, two by the Graduate Representatives, one by the College of Physicians and Surgeons of Manitoba, one by the Manitoba Medical College, and one by the Council.

It is the duty of the Board also, to report to the Council, when they see fit, on the studies of the University, and other matters connected therewith, and generally to discharge all duties that may be assigned to them by the Council.

Commissioner's Office (Head Office) Telephone Building, Cor. McDermot and Charlotte

Chairman—F. C. Paterson

Commissioner Engineer—W. H. Hayes

Commissioner Auditor—H. J. Horan

Commercial Supt—A. R. Burton

The Government System connects with the Long Distance & Local Lines of the Government of Saskatchewan through Arcola and Antler.

In addition to the above the Government System makes connection with the Local System of the Melita Arthur Telephone Company in Southwestern Manitoba and the Local System of the Kelloe Telephone Company in Northwestern Manitoba, in addition to making connection with the Systems of the different Municipalities throughout the Province and the Systems operated by farmers locally.

It also has a connecting agreement with the Northwestern Telephone Exchange System to points in the United States via Neche, Hannah and Emerson.

The Winnipeg General Hospital treats private, semi-private and public ward cases. The institution accommodates three hundred patients and the following statistics give some idea as to the work done:

	1908
Number of patients	5,371
Average days stay of patients...	20.23
Aver. No. of patients per day....	297.7
Outdoor dept consultations.....	7,609

In addition to the general wards there is an emergency department which is used for the accommodation of chronic tubercular patients until some better provision can be made. This building accommodates about thirty patients.

MISERICORDIA HOSPITAL

(Maternity)

20 Sherbrooke Street

A modern, sanitary building, conducted by the Sisters of Misericordi. The institution was founded in 1898. The hospital can at present accommodate 250 patients. In addition to public wards, there are several semi-private and private rooms, two well equipped operating rooms, an adjoining preparatory or dressing room for patients, also a consulting room for doctors.

All physicians are free to attend their cases. In connection with the hospital is a training school for nurses. One year's course in Obstetrics and Gynaecology.

Besides the hospital nursery, another building has been erected in the country (St Norbert) for the benefit of the children.

WOMAN IS A GOOD JUDGE of laundry work. No use trying to deceive her in that direction. That s why we do work for so many women who would not be satisfied with anything but pertect work. **WE WOULD LIKE TO LAUNDER** your things next week just to show what we can do and are doing for others right along.

To the Business Men of Winnipeg

The future Men and Women of Canada are the Babies of **TO-DAY.** || **YOUR BABIES** will have their places in the future history of the West.

Are they getting the right start in life? Are they to grow up healthy and well prepared for the struggle of life and able to enjoy its pleasures?

The Perfect Infants' Food

Glaxo

The Perfect Infants' Food

PURE, UNADULTERATED MADE IN ENGLAND

GLAXO

Is the Food which will give your baby the right start in life.

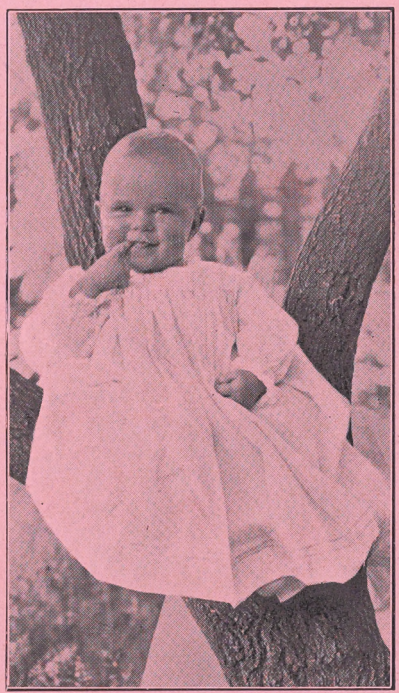
卐

There is no other Food "Just as good" as Glaxo.

卐

Get a sample and talk the matter over with baby's mother

THEN USE IT!



GLAXO

Is a Scientific Food made in the closest imitation of nature's own Infants' Food.

卐

You owe it to your baby to get the best.

卐

We will tell you exactly what Glaxo is made of, then you will see why Glaxo is the best.

Have you heard what others are saying of Glaxo? Reputation can only be built on merit, and Glaxo's reputation is growing daily.

Remember a baby should not be fed on starchy foods; there is nothing in nature, our great guide, to warrant such foods being given to a young infant.

Glaxo contains no starch or farinaceous matter, nothing but the solids of pure, tested milk and cream, scientifically prepared to be easy of assimilation by the weakest digestion.

It has been often called "The Infants' Food of the future." You can do no better than use it NOW.
